

Dear UN Action Awards Committee,

I am writing to enthusiastically recommend MY HERO for a UN SDG Action Award. This organization has been part of the iEARN community for over ten years, facilitating the MY HERO Call to Action Project and Learning Circles.

Every iEARN project has to answer the question, “how will this project improve the quality of life on the planet?” In 2015, iEARN launched a major effort to mobilize its global network and other global education partners to realize the world’s 17 Sustainable Development Goals (SDGs), a set of targets designed to be a blueprint to achieve a better and more sustainable future for all.

In the MY HERO iEARN projects, teachers and students collaborate to share ideas and information about the Global Goals. Students write stories, create original art, and produce short films honoring heroes working on the SDGs. MY HERO multimedia resources curated for each SDG and celebrating heroes working towards these goals have been shared with project participants, and inspire students to make a positive difference in the world.

A UN SDG Action Award would allow MY HERO to continue to develop and strengthen their multimedia resources and expand the global impact their resources have on students worldwide.

Please don’t hesitate to contact me if you have any questions.

Thank you for your consideration,

*Connie G Rensink*
